EDUCATION

Rensselaer Polytechnic Institute

Troy, NY

Bachelor of Science in Computer Science(AI track)

Aug. 2024 – Dec. 2027

Relevant Coursework: Computer Science 1, Data Structures, Discrete Mathematics, Algorithms (In Progress), Mathematical Foundations of Machine Learning (In Progress), Principles of Software (In Progress)

EXPERIENCE

Undergraduate Researcher

Sept. 2026 – Present

Rensselaer Polytechnic Institute

Troy, NY

- Working on the GenAI-Enabled Communication Simulation
- Collaborating with an interdisciplinary research team to develop and refine a web-accessible research prototype

AI Fellow

Sep. 2026 – Present

Handshake AI Fellowship

Remote

- Evaluate AI-generated responses for accuracy, relevance, clarity, and adherence to task requirements
- Analyze and compare large language model outputs to identify differences in response quality
- Provide structured feedback to support the evaluation and improvement of generative AI systems

PROJECTS

Flashlearn | *React, TypeScript, Supabase, Tailwind CSS*

June 2026 – Aug. 2026

- Led the development of a full-stack study platform for creating and taking custom flashcard sets and tests
- Integrated Supabase to store and retrieve user-created flashcards, tests, questions, answers, and results
- Implemented difficulty-based flashcard organization to prioritize challenging material during study sessions
- Coordinated team development through GitHub issues, pull requests, code reviews, and regular communication

SongFinder | *React, Python, Genius API*

Aug. 2026 – Sep. 2026

- Developed a full-stack web application that allows users to find songs by searching for remembered lyrics
- Integrated the Genius API through a Python backend to retrieve and process song data for user queries

RPI GPT | *React, TypeScript, Git*

Nov. 2025 – Present

- Contributed to the frontend development of RPI GPT using React and TypeScript
- Implemented new user-facing features and quality-of-life improvements to enhance the overall user experience
- Collaborated with other developers to integrate frontend changes into the existing application

ACTIVITIES

Rensselaer Center for Open Source(RCOS)

Aug. 2025 – Present

Contributor

Rensselaer Polytechnic Institute

- Contribute to open-source software development through collaborative, student-led projects

RPAI

Aug. 2025 – Present

Member

Rensselaer Polytechnic Institute

TECHNICAL SKILLS

Languages: Java, Python, C++, JavaScript, TypeScript

Frameworks: React, Tailwind CSS, Vite, Node.js, Flask, FastAPI, Postgres SQL

Developer Tools:Git, GitHub, Supabase, Microsoft 365
